Quality Assurance Manager | Apparel Quality and Operational Excellence

PROFESSIONAL SUMMARY

Apparel Quality Assurance Manager with 16+ years of experience across garment manufacturing and global sourcing, specializing in quality management, product safety, factory development, technical operations, and continuous improvement. Experienced in leading quality operations across woven, knit, and technical/performance apparel for global buyers including NEXT, Lands' End, Scout, Roman, and The Set.

Proven track record of driving Zero-Defect and Built-In Quality (BIQ) initiatives, strengthening factory accountability, leading NEXT GPQ, Factory Audit, and Factory Autonomy programs, and delivering sustainable solutions to complex quality challenges. Recognized as Best Quality Manager - 2024 for quality leadership and contribution to business performance.

I hold a Post Graduate Diploma at Textile Industry Management from BUTEX, which grounds my technical approach to quality systems, Operation, compliance, and process discipline.

A strategic and hands-on leader with strong expertise in risk management, RCA, CAPA, technical audits, ISO 9001:2015, Lean Six Sigma Green Belt, Digital Manufacturing & Industry 4.0, and process improvement. Experienced in developing high-performing teams and transforming quality issues into system-level improvements through people, process, data, and technology.

Committed to driving quality excellence, operational performance, and sustainable business growth, with a long-term focus on expanding leadership across broader apparel operations and business management.

PROFESSIONAL EXPERIENCE

Quality Assurance Manager | Vogue Sourcing Bangladesh (NEXT) *Feb 2021 – Present*

- Lead QA operations for a multi-buyer requirement, authoring SOPs adopted across all factories.
- Final technical decision-maker on customer standard compliance, resolving issues before they impact shipment.
- Manage QA relationships between factory and customer to sustain Quality and SOP.

Assistant General Manager (QED) | Debonair Group *Jun 2020 – Jan 2021*

- Directed factory-wide SOP development and QA decision-making aligned to buyer standards and QMS as QA Head.
- Provided technical support across production floors, reducing non-conformances ahead of shipment.

QA Inspector | Next Sourcing Ltd. (Bangladesh Liaison Office) *May 2019 – Jun 2020*

- Owned buyer-side QA sign-off across PPM, first production, in-line, pre-final, and final audit stages.
- Built and enforced factory SOPs aligned to customer requirements, improving repeat quality failures.

Manager, QA | Kadena Sportswear Ltd. *Jun 2017 – May 2019*

- Led production-floor QA as in-charge across PPM, in-line, pre-final, and final inspection decision-making.
- Rolled out factory SOPs to standardize quality checks across production lines.

Section Leader QA/Product Safety Manager | Youngone (CEPZ) Ltd. *Jun 2009 – May 2017*

- Certified Buyer QA for Oakley and Product Safety Manager for Lululemon Athletica and Ivviva.
- Provided hands-on technical support across all Lululemon lines, ensuring kids'-wear safety compliance.
- Owned buyer-side QA sign-off across PPM, first production, in-line, pre-final, and final audit stages.
- Built and enforced factory SOPs aligned to customer requirements, improving repeat quality failures.
